

Communication – Nightingale Poems

The Nightingale Hospitals are opening around the country to try and support the NHS and make sure they can treat everyone who needs support at this time.

To help support these new hospitals, as well as all other NHS colleagues, they have been asking young people around the country to help brighten up the walls and help keep staff and patients motivated.

Can you produce a poem about the NHS/ Nightingale Hospitals? You could keep it simple with an acrostic poem (see an example below) or be more creative with a poem in another more complicated style.

Think about how you can present your poems in a creative and imaginative way, that would help inspire and bring a smile to people!

We would love to see your work, so please share it with us by posting it online and tagging us @pieuksocial on Twitter, Instagram or Facebook, or email to beth@pieuk.org. We will be making sure they all get shared with our amazing NHS heroes, 😊

Normal People,
Inspiring the country,
Going to work,
Helping others,
To help fight Covid 19.
In them we put our trust,
Never taking them for granted,
Giving up their own safety,
All for the sake of others.
Let us all never forget,
Everything they do for us, every day.
