

Making a Meme Help Sheet

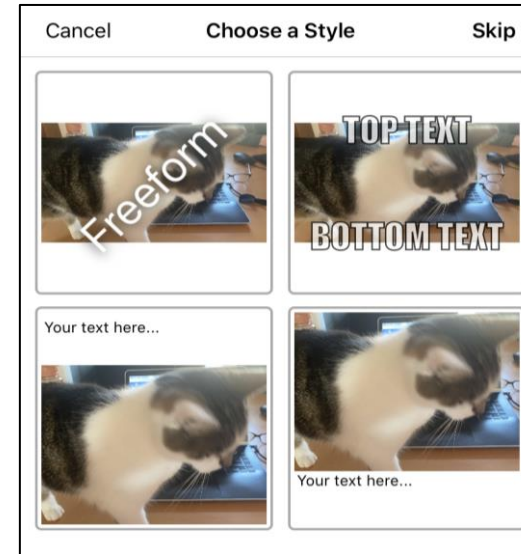

1. First, download the free app. This is available either on android or apple devices.

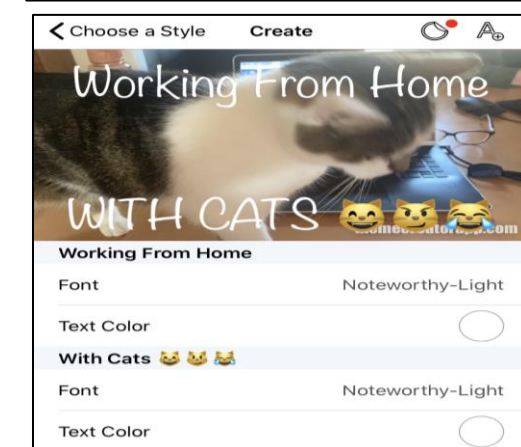

2. Now click on the '+' sign in the top left corner to start a new meme.

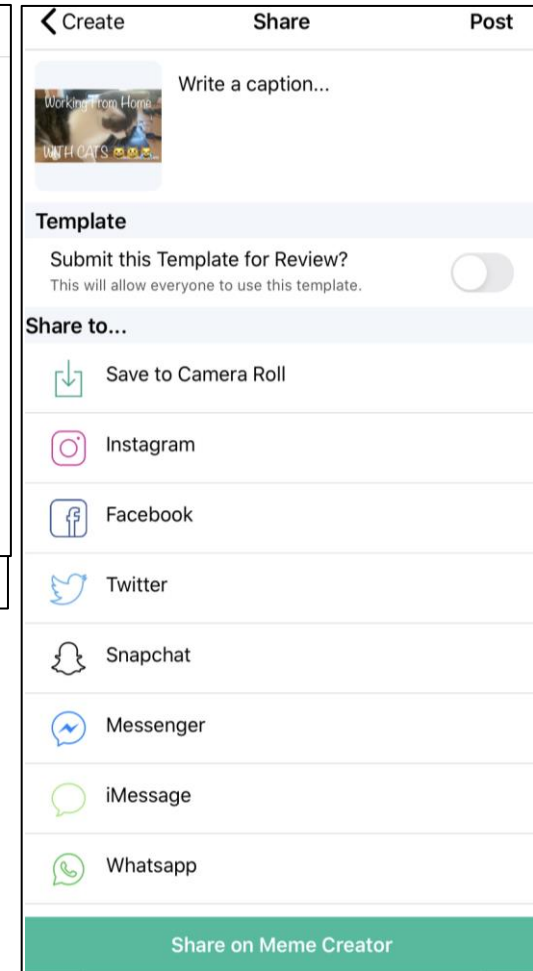

3. Take or choose a picture to turn into a meme!

4. Pick a style for your meme.

5. Add your text, and play around with the font and colour.

6. Decide where and how you would like to save or share your meme.
